FULLERENE ANTI-AGING
Whitening Plant Essence Spray

24-Hours Continuous Absorption

FULLERENE ANTI-AGING WHITENING
Plant Essence Spray Benefits

1) Antioxidant,
diminishes yellowing and brightens skin tone

2) Promotes skin metabolism,
enhances skin's absorption capacity

3) Tightens skin,
eliminates free radicals

4) Super firming,
anti-aging properties that enhance facial contours

5) Restores skin elasticity,
visibly reduces fine lines

6) Repairs skin cells,
reduces redness and sensitivity

7) Prevents photo-aging,
shields against radiation damage

8) Enhances skin immunity,
strengthens the skin's defense

FULLERENE ANTI-AGING
Whitening Plant Essence Spray

Fullerene is currently the **leading BOSS** amongst anti-aging ingredients. More than 4000 scientific experiment reports have shown that

Fullerene's antioxidant is 172 times more powerful than vitamin C. It is also called the "free radical killer" by the industry, as well as skin preservation agents.

Since the 21st century, it has become a highly regarded cutting-edge beauty ingredient, which is known as the "Diamond Status Anti-aging King". Up till today, it has only been used in high-end brands as it is a veritable royal quality anti-aging factor!

FULLERENE ANTI-AGING

Whitening Plant Essence Spray

3 **Seconds absorption**

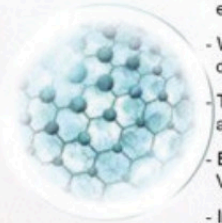

1 **Minute skin firming**

28 **Days to cell regeneration activation with "age freeze"**

3 **Months age reversal by 5 to 10 years**

4 Core Cutting Edge Ingredients

Nobel prize in chemistry for fullerenes cutting edge ingredients, diamond grade skin care

- The size of fullerene is only 0.76 nanometers, which is equivalent to one-ten-thousandth of a human hair thickness.
- When the number of attached free radicals is even, it will be destroyed without causing unnecessary damage.
- The "King of Nano" with super anti-free radicals ability, super antioxidant, nanoscale molecules.
- Eliminates yellow skin tone and whiten skin, anti-aging and V lifting of face.
- Improves skin firmness in 3 minutes which becomes fully effective within 7 days while ensuring maximum effectiveness after 15 days of discontinued usage.
- Patented ingredients.
- Nobel prize in Chemistry and Biology, Cutting Edge Ingredient Diamond Grade Skincare.

Vitality repair peptide/lysine/arginine leading in skin repair, efficient cell penetration

- Quick cell penetration in 1-5 minutes, stimulate vitality, and produce cellular energy.
- Repair skin, suitable for sensitive skin, damaged skin, acne skin, and aging skin.
- Patented ingredients.

Bosein new anti-aging ingredient, extra firming and anti-aging

- Stimulates the production of glycosaminoglycans (GAG) which prevents the loss of water in the skin, and promotes the synthesis of glycosaminoglycans and proteoglycans, which helps the dermis to maintain elasticity.
- Promotes the synthesis of collagen.
- Promotes the regeneration of damaged tissues, enhancing the firmness of skin and cells.

Niacinamide

- Niacinamide has a variety of functions, and is often used in whitening, anti-wrinkle, and moisturizing cosmetics. It is also used in the treatment of skin diseases such as atopic dermatitis and acne.
- Niacinamide can reduce skin pigmentation. It acts in the process of melanin synthesis and deposition in cells.

Studies have shown that niacinamide can effectively reduce melanin deposition and promote the lightening of pigmentation, and improving skin condition.

10 Main Plant Essences

Peach gum extract
Replenishing moisture. Peach gum has the effect of plumping and absorbing water, which can replenish moisture to the skin over time, making the skin much more supple and moisturized, which reliefs the problem of dry skin.

Jasmine hydrosol extract
The source of skin vitality and whitening. It has a very good effect in promoting circulation. Highly effective for dry and dehydrated skin. This active nature has the ability to soften skin, restore skin elasticity, improve fine lines, and making the skin delicate and bright. Superior moisturizing and anti-aging effect.

Barley extract
Rich in tocotrienols, VB, Niacin, lecithin, allantoin, etc. IT promotes the formation of ceramide, improves the composition of sebum, and has the effect of softening and conditioning the skin. It has promotes the proliferation of epidermal keratinocytes, eliminate free radicals, anti-oxidation, and prevent aging. Barley extract also has a certain inhibitory effect on melanin which provides a whitening effect.

Poria sclerotia extract
The proliferation of integrins can reduce the diameter and volume of collagen wrapped by fibroblasts, thereby having a shrinking effect which can be used in skin tightening and fine-line cosmetics. It has antibacterial properties and has a good inhibitory effect on a variety of bacteria and fungi. In addition, it also has anti-inflammatory and moisturizing properties.

Spicy mint leaf extract
It is rich in mint leaf flavanone, which can relieve the symptoms of skin allergies for sensitive skin, and has anti-inflammatory, analgesic and soothing effects. It can regulate the microcirculation of skin allergies for sensitive skin, and has anti-inflammation, leaving the skin feeling fresh and soft.

Yeast extract
Rich in small molecules of amino acid peptides, a natural moisturizing factor in the stratum corneum of the skin, which has a highly effective moisturizing and water-locking effect.

Andrographis extract
Tightens the skin gently and recommended for sensitive skin to control the oil-water effect.

Centella asiatica extract
Promotes collagen regeneration, reduces melanin, anti-allergic protection, and forming skin natural barrier.

Propolis extract
Moisturizers the skin, reduces inflammation, relieves itching, and promotes skin metabolism. Maintaining healthy skin and enhancing skin immunity.

Witch hazel extract
Nourishes the skin, prevents dry and rough skin, shrinks pores, and promotes lymphatic circulation.
